HEALTH DATA COLLABORATIVE

DATA FOR HEALTH AND SUSTAINABLE DEVELOPMENT

Monthly Stakeholders Representatives Group Meeting

22nd January 2022

www.healthdatacollaborative.org

Meeting Objectives:

To confirm representation of constituencies and working group co-chairs for 2022-2023

To review and approve HDC Workplan, Milestones, Governance for 2022

To follow up action points on the Global Partners Meeting

AGENDA

Welcome & introductions (chair) **5 mins**

HDC Governance **20 mins**

- Added value of constituencies
- Confirm representation of constituencies and working group co-chairs for 2022-2023
- HDC Workplan, Milestones, Governance for 2022 (for approval)

HDC and SDG GAP **20 mins**

- SDG GAP update
- Follow up action points of December Global Partners Meeting
- Country engagement update

Comms and events **10 mins**

- HDC Webinar schedule 2022 (for approval)
- Website update

Next steps: Chair **5 mins**

Health Data Collaborative

Mission: To provide a collaborative platform that leverages and aligns technical and financial resources (at all levels) to country owned strategies and plans for collecting, storing, analyzing and using data to improve health outcomes, with specific focus on SDG targets and communities that are left behind

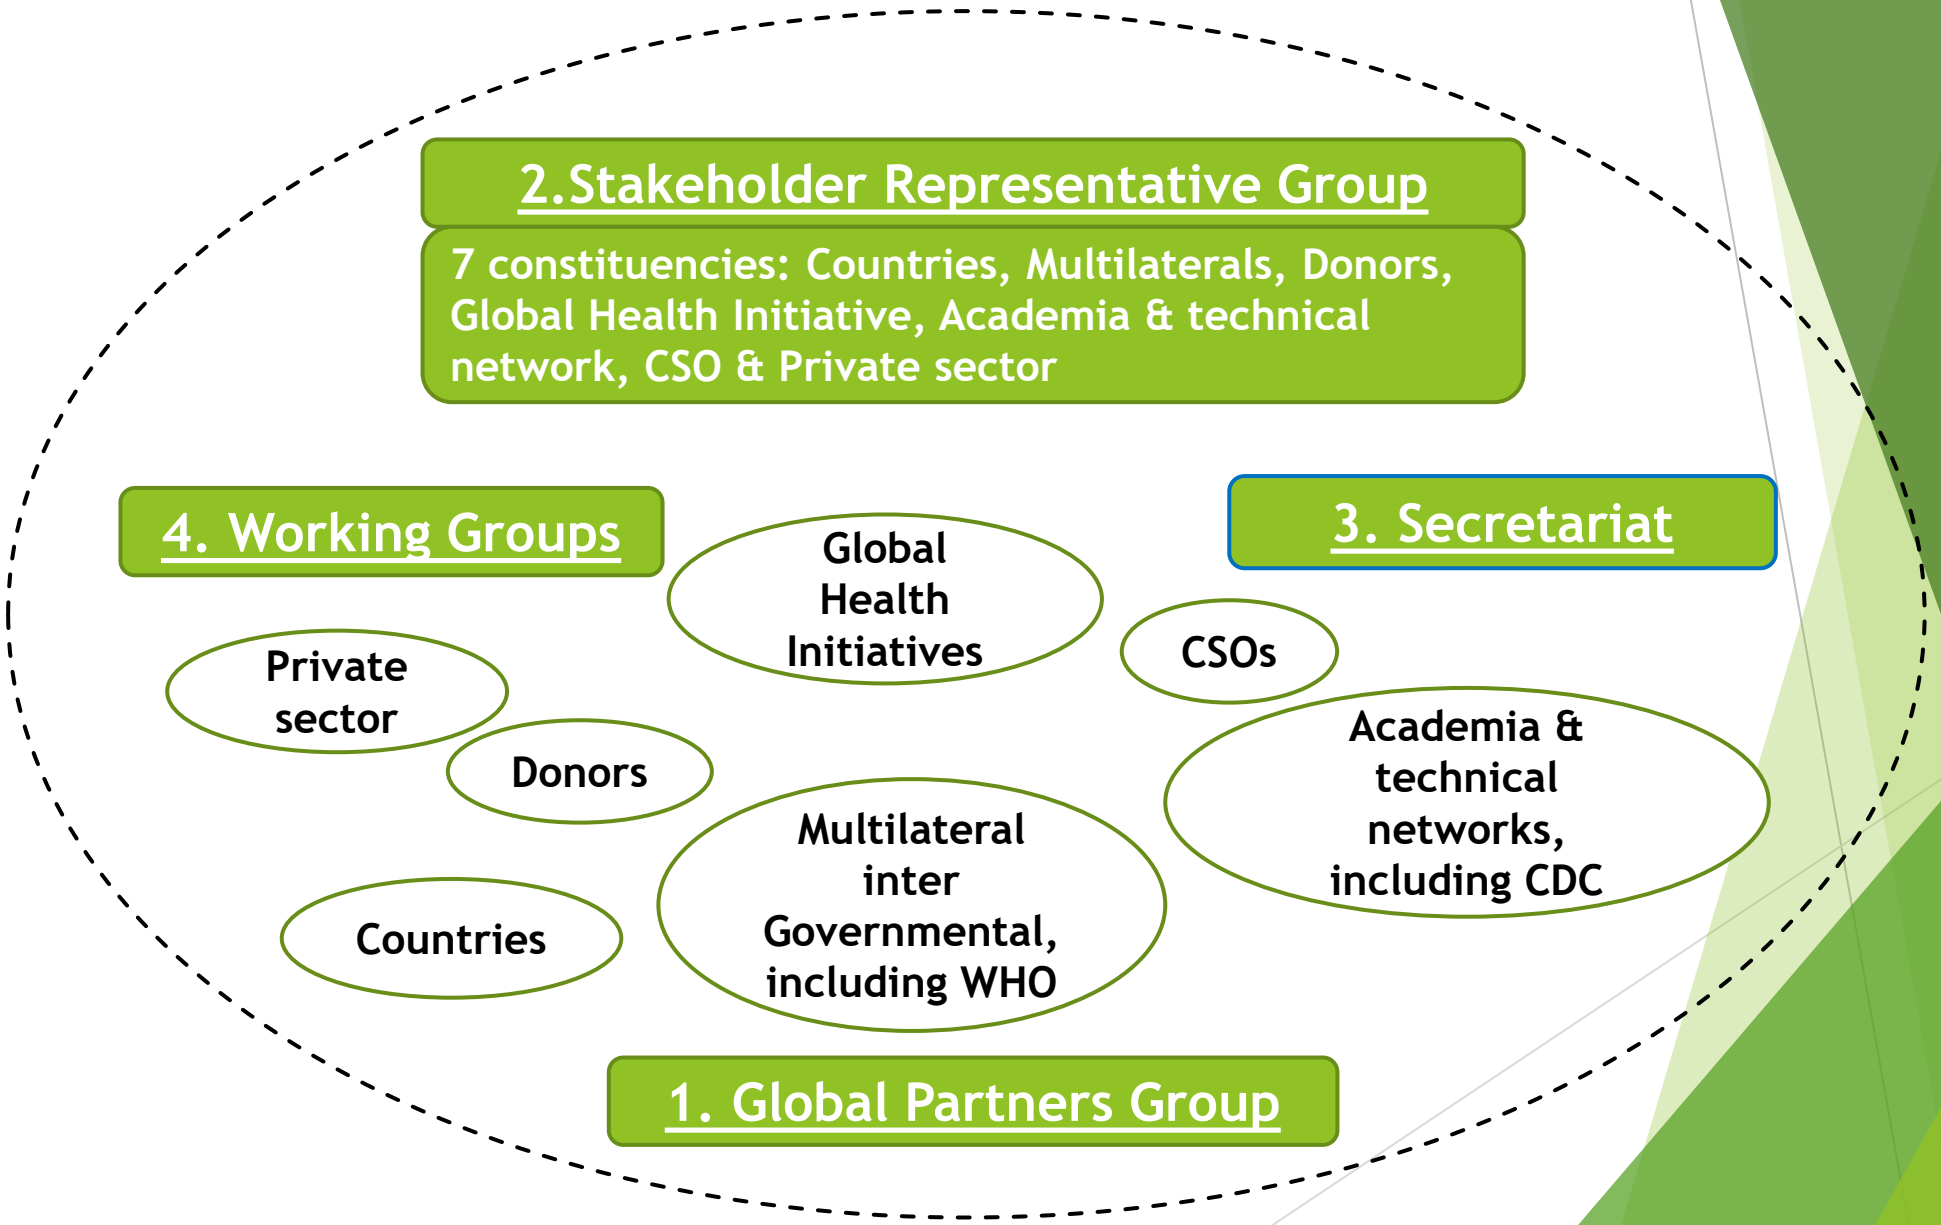
Objectives:

1. To strengthen ***country capacity*** to plan, implement, monitor and review progress and standardized processes for data collection, availability, analysis and use to achieve national health-related targets (and therefore eventual SDG health targets)

2. To improve ***efficiency and alignment*** of technical and financial investments in health data systems through collective actions

3. To increase the ***impact of global public goods and tools*** on country health data systems through increased sharing, learning and country engagement

HDC Governance



HDC Stakeholder Reference Group

7 Constituencies	13 Representatives	Alternates
Countries (3)	TANZANIA (Claud Kumalija) KENYA (Helen Kiarie) NEPAl (tbc)	UGANDA (Paul Mbaka)
Multi laterals (3)	WHO (Stephen Macfeely) UNFPA (Rachel Snow) TBC	WHO EMRO (Arash Rashidian) UNSD (Srdjan Mrkic) UNICEF (Tyler Porth)
Bilateral donors & foundations (2)	UK FCDO (Nicola Wardrop) GIZ (Ernesto Lembcke)	Tbc
GHIs (1)	PHCPI (Emily Bigelow)	GAVI (Heidi Reynolds)
Research, academia & technical networks (2)	CDC (Kathleen Gallagher) World Privacy Forum (Pam Dixon)	CDC (Chris Murril) Council for Scientific and Industrial Research (Laticha Walters) AeHIN (Alvin Marcelo)
Civil Society (1)	PharmAccess (Maxwell Antwi)	Save The Children (Tara Brace-John)
Private Sector (1)	MED Ex CARE (Patricia Monthe)	Medtronic USA (Rushika Singhal)

Co-chairs:
Country: Helen Kiarie (MoH Kenya)
UNICEF: Jennifer Requejo (UNICEF)
WHO: Stephen Macfeely(WHO)

HDC Secretariat:
Craig Burgess
Mwenya Kasonde
Alexandra Laheurte

7 Working Groups

Working Group	Co-chairs
Public Health Intelligence	CDC (Carrie Eggers), WHO (Karl Schenkel)
Digital Health & Interoperability	USAID (Tewodros Berihun), PATH (Puta Chilunga), WHO (Garrett Mehl) & Open Communities (Paul Biondich)
Logistics management & information systems (LMIS)	USAID (Lindabeth Doby) & WHO (Lisa Hedman)
Community data	UNICEF (Remy Mwamba) & USAID (Ana Scholl)
Routine Health Information Systems	WHO (Rifat Hossain) & RHINO (Jean-Pierre de Lamalle)
Data and Digital Governance	CUNY (Marie Donaldson), Palladium (Vikas Dwivedi), Bluesquare (Vidhya Mahadevan)
Civil registration & vital statistics (CRVS)	WHO (Azza Badr), LSHTM (Debra Jackson)

HDC 2022-23

Objective 1: To strengthen country capacity to plan, implement, monitor and review progress and standardize processes for data collection, storage, sharing, analysis and use to achieve national health-related targets.

1. Govt. led partners coordination mechanism
2. National data institute for capacity building

County teams identify & support

3. 2-3 data / digital priorities
4. Data / digital champion
5. Data / digital tools used and adapted to contexts (e.g. SCORE / GIS & RHIS strategy)

Milestone

	2022 Q1	2022 Q2	2022 Q3	2022 Q4	2023 Q1	2023 Q2	2023 Q3	2023 Q4
COVID 19 country cases documented, disseminated	Consultant, finalize		Disseminated					
Good practices for tracking communities	Community WG			Disseminated				
Asia institute hosted GPG				e taria t				Secr
Regional institute hosted GPG								e taria t
Compilation of RHIS standards, good practices, guides & tools	RHIS WG		Disseminatd & linked to investment case					
Integration of public health & humanitarian diseases	RHIS WG							
CRVS WG continued support for Global CRVS SIP	CRVS WG							

HDC 2022-23:

Objective 2:To improve efficiency of technical and financial investments in health data and digital systems through collective actions and aligning with country-identified priorities

1. Govt. led partners coordination mechanism
2. National data institute for capacity building

Country teams identify & support

3. 2-3 data / digital priorities
4. Data / digital champion

5. Data / digital tools used and adapted to contexts (e.g. SCORE / GIS & RHIS strategy)

Milestone

	2022 Q1	2022 Q2	2022 Q3	2022 Q4	2023 Q1	2023 Q2	2023 Q3	2023 Q4
Regional data institutes identified in all six regions				supporting advocacy, technical support & capacity building				
Review of partner alignment of resources with Govt plans		Consultants						
RHIS strategy finalized & disseminated		RHIS WG	Disseminated					
Support to implement CRVS Kenya workshop	CRVS WG							
Support for Malawi CRVS workshop			CRVS WG					
Community HW master list / registries created			Community WG					
Analysis of initiatives better detection & response to PH emerg.			PHI WG					

HDC 2022-23:

Objective 3: To increase the impact of global public goods and tools on country health data systems through increased sharing, learning and country engagement.

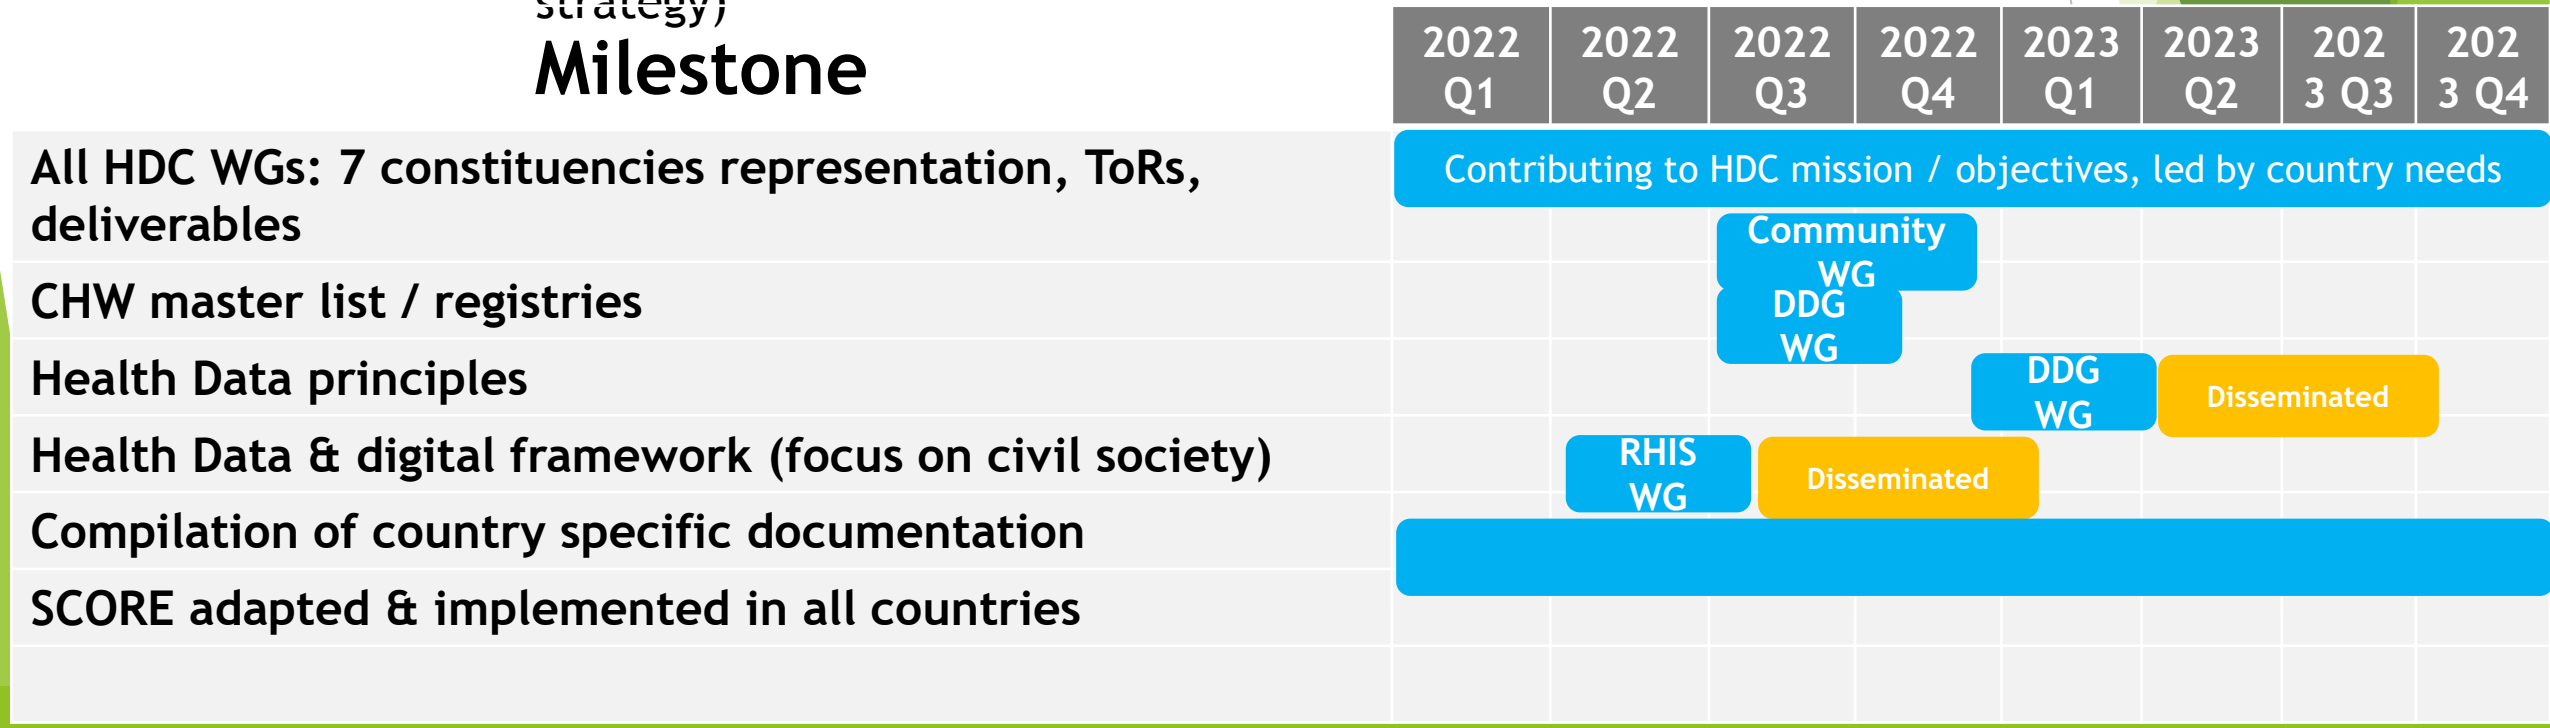
1. Govt. led partners coordination mechanism
2. National data institute for capacity building

Country teams identify & support

3. 2-3 data / digital priorities
4. Data / digital champion

5. Data / digital tools used and adapted to contexts (e.g. SCORE / GIS & RHIS strategy)

Milestone



HDC 2022-23:

Objective 4:To ensure HDC has governance processes and structures in place to provide transparent accountability mechanisms to all countries and partners, communications to all stakeholders, and advocacy to strengthen political capital.

1. HDC, SDG GAP & WG related calls & follow up
2. Biannual HDC SDG GAP D+D Global partner events

Functioning HDC secretariat

3. Functioning website, knowledge brokering, advocacy
4. Quarterly reviews, outreach and annual reports
5. Workplan linked to UHC2030 / SDG GAP goals accountable to SRG

Milestone

	2022 Q1	2022 Q2	2022 Q3	2022 Q4	2023 Q1	2023 Q2	2023 Q3	2023 Q4
Increase country # membership	11			16				22
Increase HDC institutional membership from 2021 levels				>25 %				>50 %
HDC leadership event (political commitment HDC & Data Summit)								
Commission & implement independent evaluation of HDC			Commission		Implement		Use results	
Commission and present investment case for HIS / SCORE	Commissi	Disseminate		Political advocay				
HDC website revised functional	Feedback / redesign		Functioning / accessible / knowledge brokering					
HDC partnership member data base actively managed	Available to all HDC partners used for communications & advocacy							

Integrating SDG Gap Data and Digital Health Accelerator with HDC

- **Efficiencies** at global and country level
- Complementary (overlapping) actors:
  - SDG3 GAP DD (multilaterals)
  - HDC (multilaterals, countries / civil society / private sector/ academic researchers)
- Common purpose
- SDG3 GAP DD more narrow focus:
  - 2 key areas of work [GIS for health /scaling CRVS]
  - 3 pilot countries [Malawi / Nepal / Pakistan]

COLLABORATION - GIS for Health

Country Level:

- **Mapping population's geographic proximity to SRH-FP Services**

  Outputs: joint reports, online dashboards

Global Level:

- **From Census to WHO Global HF Database**
  - Promote the use of census cartography as a vehicle for health facility mapping - outreach to CO census teams thru RO
  - Outputs: Solicitation and examples
- **Joint capacity strengthening activities on GIS - *TBD***

INSTITUT PASTEUR

Organized By

HEALTH DATA COLLABORATIVE

Global Partners Meeting
20th - 21st October 2021

Conclusions and Action Points

- 4 strategic shifts
- Taking regional institute engagement further
- Demonstration of variety of initiatives, make a link of different initiatives. Reflect in January SRG on how to continue link, specifically with UHC2030 and SDG GAP
- Initial step in direction of investment case for HIS. Workplan commissioning of ix case
- Approval and suggestions on milestones and activities for 2022 during January SRG
- Regional level work emphasizes need for more work on alignment, especially at regional level
- HDC would like to reach out to 2 fragile contexts in the next year and want more thoughts from SRG in January

Country Engagement Update

Active 8	Inactive 3 (but joined HDC)	Expressing Interest	Possible fragile Context for consideration
Kenya Malawi Botswana Uganda Zambia Cameroon Tanzania Nepal	Indonesia Myanmar Bangladesh	Niger Burkina Faso Sri Lanka Lao Rwanda Ethiopia Jamaica	Afghanistan Yemen South Sudan Haiti

Target

- 16 countries in 2022
- 22 countries in 2023

Monthly Webinar Schedule 2022: Other suggestions welcome

Month	Topic	Presenter
January	n/a	n/a
22nd February	**Adolescent health data - available tools**	**UNICEF**
March	n/a	n/a
April	Social accountability in health	CSO/Country (tbc)
May	Alternative ways of dealing with data	CERN (tbc)
June	Data use to support essential health services in the context of COVID-19	HDC, UNICEF, WHO
July	Geospatial information systems (GIS) and technology	UNFPA, WHO
August	Introduction to WHO Routine Health Information Strategy	WHO
September	Private sector engagement in health data	PSC (tbc)
October	n/a	n/a
November	Harmonised Health Facility Assessment_ progress and updates	WHO
December	A regional approach to capacity building	tbc

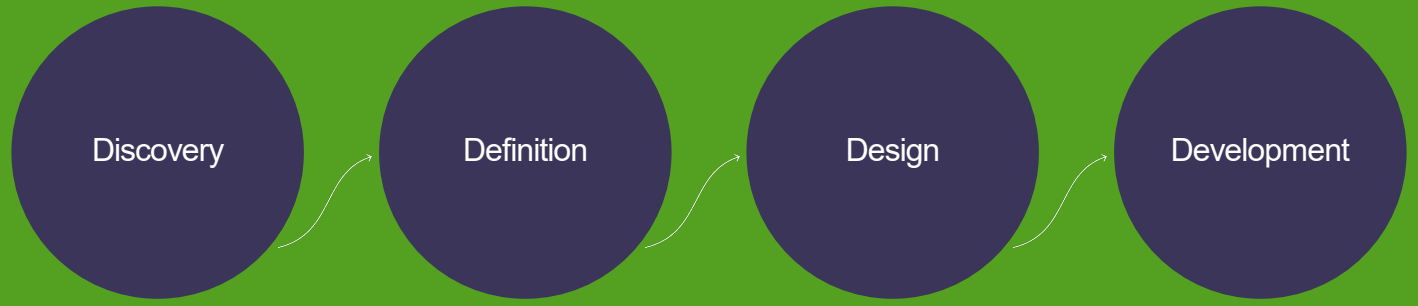
liquidlight

HDC WEBSITE UPDATE

A bit about Liquid Light

- Founded in 1995
- Privately owned
- Based in Brighton UK, but work internationally
- A small team, specialising in large + complex projects
- Worked on various WHO initiatives and projects

Design and development process



- Discovery workshops
- Brand workshops
- Requirements gathering

- Sitemaps
- Flow diagrams
- Wireframes
- Workspaces definition

- Style-tiles
- Key screens
- Component library

- Content Management Configuration
- Workspaces development
- Design implementation
- Testing and review

Our focus

Understanding

- Understanding the audience

Creating

- Creating efficient user journeys

Specifying

- Specifying the workspaces area

Disseminating

- Disseminating information and resources

Creating

- Creating an optimum knowledge repository

Thank You!
