Joint missions to Nepal and Pakistan

Nepal

Dates: 23-27 January 2023

Joint Mission OBJECTIVES

1. To explore how HDC partners can jointly accelerate support for the Nepal CRVS Strategy 2019
2. To convene a stakeholder meeting of national, bilateral and multinational partners, including but not limited to the health sector, to share ongoing activities in support of CRVS and GIS
3. To recommend key areas for improvement in partners' alignment (national and international) and improved integration of CRVS and GIS systems within the overall population and health data system

MISSION OUTCOMES

The expected outcome of the mission is a short mission White Paper co-developed with the Government of Nepal, outlining recommendations for joint partner support for CRVS and GIS.

Proposed working group on GIS

Objectives

The objective of this working group is to strengthen national GIS systems through coordination and collaboration at global, regional and national levels and exchange of information.

The specific objectives are:

- To support coordinated country-level engagement
- To explore and leverage opportunities to accelerate the improvement of GIS
- To promote the importance of GIS in the global development agenda
- To act as liaison for information exchange between HDC and other global and regional entities supporting GIS strengthening.

The background features abstract, overlapping geometric shapes in various shades of green, ranging from light lime to dark forest green. These shapes are primarily located on the left and right sides of the frame, leaving a large white central area. The shapes are layered, creating a sense of depth and movement.

Thank You!
