Monthly Stakeholders Representatives Group Meeting

19th January 2023

www.healthdatacollaborative.org
Meeting Objectives:

- To update on constituency engagement modalities
- To review draft TORs for a proposed working group on GIS
- To update on leadership event 2023
## AGENDA

Country Engagement Update
Plans for joint mission to Nepal

Dates: 23-27 January 2023

Joint Mission OBJECTIVES

1. To explore how HDC partners can jointly accelerate support for the Nepal CRVS Strategy 2019
2. To convene a stakeholder meeting of national, bilateral and multinational partners, including but not limited to the health sector, to share ongoing activities in support of CRVS and GIS
3. To recommend key areas for improvement in partners’ alignment (national and international) and improved integration of CRVS and GIS systems within the overall population and health data system

MISSION OUTCOMES

The expected outcome of the mission is a short mission White Paper co-developed with the Government of Nepal, outlining recommendations for joint partner support for CRVS and GIS.

Working Group Updates
Draft TORs for proposed working group on GIS

Objectives
The objective of this working group is to strengthen national GIS systems through coordination and collaboration at global, regional and national levels and exchange of information.

The specific objectives are:

- To support coordinated country-level engagement
- To explore and leverage opportunities to accelerate the improvement of GIS
- To promote the importance of GIS in the global development agenda
- To act as liaison for information exchange between HDC and other global and regional entities supporting GIS strengthening.
Scope of work/Activities
Jan 2023 - Dec 2025

- Data Governance: data security and access
- Capacity strengthening
- Joint geospatial analytical case studies on mapping access to health services
- Supporting WHO's global health facility database through census category phase
- Joint capacity strengthening activities on GIS
- Online geospatial interface/tools
Swiss TPH

Making the case for investing in Routine Health Information Systems (RHIS) to achieve the health-related SDGs

RFP-2022-DDI-DNA-CNG-0001 | HQ/DDI/DNA/CNG and HQ/DDI/DNA/HIS

Overview

Xavier Bosch-Capblanch, on behalf of the team

Fabrizio Tediosi
Natalie Leon
Edward Nicol

Swiss TPH
WP 1. Framework syntheses

- 15 included | 36 excluded | 5 unclear
- Information requested from authors
- 2 reviews of the literature
- Interesting evidence on econometrics of health systems domains
- A lot qualitative, though
- Nothing that seems to challenge our approach
WP 1 - challenges

• Some IT issues
• Heterogeneity of methods and contents which makes data extraction less standardised
• Reviews will need further scrutiny

• Expected first compilation of findings: February W1
WP 2. Country case studies

- WP2 protocol updated and thanks
- WHO clearance
- WHO contacts with country offices
- Swiss TPH teams
- Contractual arrangements
- Data collection tools
WP 2 - challenges

• Availability of team in Nepal
• Uncertainty in Laos
• We anticipate paucity of data
• Typical field work issues will come

• Data collection
  - Piloting: last week of January
  - Data collection end by mid/end February (countries in different speeds)
3 levels approach

- **Level 1 - narrative - feasible +++**
  - Place of RHIS in the health system and health care
  - Rationale for investing in RHIS
  - Potential consequences of not investing in RHIS

- **Level 2 - semi-quantitative - feasible ++**
  - Describe what quantitative data is available
  - Illustrate arguments with quantitative data from case studies
  - Identify data gaps

- **Level 3 - return on investment - feasible +**
  - How the return of investment case in RHIS should look like
Thanks

- Craig Burgess
- Carolina Salles
- Anh Chu
- Dejan Loncar
- Melanie Bertram
- Rifat Hossain
- Mwenya Kasonde
- other WHO supporting staff
Communications and Events
Update on Leadership Event
HDC Secretariat
WEBINAR SERIES 2023 IS ON!
HDC platform to amplify information-sharing opportunities and make the best out of its wide reach to countries, regions, organisations, partners

- Webinars contribute to the knowledge brokering function of the HDC and its objectives
- 1.5 hour monthly webinars to share good practices, tools, guidelines, experiences, peer to peer learning opportunities and data & digital health initiatives
- **NEW!** Get the Webinars to respond/discuss a specific problem ("problem-solving" type of webinar) or discuss/present on a specific country ("country-specific" type of webinar)
- Got any ideas for themes & countries!? Please, share it with us via hdcsecretariat@who.int
Thank You!
