

DONORS

Definition of the constituency in the HDC

The Donor Constituency includes Bilateral Donors, Donor Foundations and Regional Funding Entities such as Asian or African Development Banks.

Constituency Membership

The constituency currently includes

- DFID
- GIZ
- USAID
- NORAD
- Government of Australia-Department of Foreign Affairs
- Bill and Melinda Gates Foundation
- Bloomberg Philanthropies
- Rockefeller Foundation
- European Commission
- Organization for Economic Co-operation and Development (OECD)

Added value of the constituency in the HDC

The Donor Constituency plays a key role for the HDC to achieve its mission and its 3 objectives (increasing capacity of HIS, aligning investments and contextualizing global tools) by:

- Being key implementation partners at national and subnational levels;
- Supporting alignment of financial and technical resources at all levels;
- Strengthening accountability processes for governments and stimulate participation of all relevant stakeholders;
- Supporting approaches to contextualize global products and tools for the needs of local communities and increase use of data for planning and implementations at local levels.

Constituency focus 2022-2023

- Working with governments to supporting data and digital priorities as identified by HDC focus countries
- Providing guidance on possible funding mechanisms for HDC Workplan 2022-2023
