

# HEALTH DATA COLLABORATIVE

DATA FOR HEALTH AND  
SUSTAINABLE DEVELOPMENT

**Welcome!**

**September 23<sup>rd</sup> -24<sup>th</sup> 2020**

**[www.healthdatacollaborative.org](http://www.healthdatacollaborative.org)**

# Meeting objectives

1. Approve 2020-2023 milestones, work plan and metrics
2. Agree on objectives, agenda, invitees and communications for November 'high level' political advocacy event
3. Agree on coordination mechanisms and support for countries

# HEALTH DATA COLLABORATIVE

DATA FOR HEALTH AND  
SUSTAINABLE DEVELOPMENT

## **Session 4: 2020-2023 milestones, work plan and metrics**

**Facilitators: Alvin Marcelo (AeHIN), Chris Murrill  
and Carrie Eggers (CDC)**

**September 24th 2020**

**[www.healthdatacollaborative.org](http://www.healthdatacollaborative.org)**

# Session 4: Approval of 2020-2023 milestones, work plan and metrics

Outcomes	Background documents
Agree 2020-2023 milestones, work plan and metrics	- Work plan narrative (word version) 2020-2023
Agree on partnership technical support mechanisms to support country needs within work plan	- Work plan and milestone / Gantz chart (excel) 2020-2023 <b>Details of activities highlighted</b>

**Please see your background docs for details**

**Thank you for your feedback.  
We heard county needs.**

**We now need to implement collaboratively**

# Process -

- ▶ **March call:** initial ideas presented, feedback given & incorporated
- ▶ **April - July:** two further drafts - email input opportunities
- ▶ **Aug. - Sept:** call feedback & constituency email feedback opportunities

Of note: very little feedback from Working Groups

# 4 work plan objectives

## OBJECTIVES

## OUTCOME

**1.To strengthen country capacity to plan, implement, monitor and review progress through application of standardized processes for data collection, availability, analysis and use to achieve national health related targets (and therefore eventual SDG health targets)**

**Mapping and capacity building for data and digital related issues**

**2.To improve efficiency and alignment of technical and financial investments in health data systems through collective actions**

**Aligning investments to increase efficiency through collective actions at all levels, with a focus on country level**

**3.To increase the impact of global public goods and tools on country health data systems through increased sharing, learning and country engagement**

**Generating global public tools and ensuring they are adapted for actual use in specific region and country contexts**

**4.To ensure HDC has governance processes and structures in place to provide transparent accountability mechanisms to all countries and partners, communications to all stakeholders and advocacy to strengthen political capital**

**Structured HDC Governance, functioning, communications, advocacy and accountability mechanisms**

# Workplan

## Use:

1. Constituency added values in contexts;
2. Country ToC & engagement approach

## Flexibility++

- ▶ Implement & review every six months
- ▶ WGs for short discrete deliverables
- ▶ Align & leverage SDG GAP and others

	2020	2021	2022	2023
Suggested # countries	10	12	16	20

# Milestones - 1 year

Objectives	2020 - 2021
<b>1. HIS capacity building</b>	<ul style="list-style-type: none"><li>- Regional and national data / digital institutes identified</li><li>- One Africa &amp; one Asia regional exchange &amp; peer reviews</li><li>- Review of community generated data supporting community approaches to leaving no one behind</li><li>- Data / digital champions identified &amp; supported in focus countries</li><li>- Best practices for real time facility electronic data use</li></ul>
<b>2. Alignment</b>	<ul style="list-style-type: none"><li>- Analysis of technical and financial alignment for focus countries completed</li><li>- All focus countries have functioning data digital alignment coordination</li><li>- Support for aligning resources with country plans using HDC engagement mechanisms</li><li>- CSO focal point in each focus country</li></ul>
<b>3. Global public health tools &amp; adaptation</b>	<ul style="list-style-type: none"><li>- WG ToRs available with membership from all 7 constituencies</li><li>- At least 2 prioritized HDC partner tools adapted to focus country contexts</li><li>- 7 WGs functioning and contributing to HDC mission &amp; objectives</li></ul>
<b>4. Governance, functioning, communication &amp; advocacy</b>	<ul style="list-style-type: none"><li>- Leadership/ HoA event with political &amp; advocacy commitment with dissemination and follow up actions</li><li>- Align WP SDG GAP data digital accelerator / UHC2030</li><li>- Functioning secretariat &amp; website, monthly SRG &amp; WG chair calls</li><li>- Private sector constituency</li><li>- Specific support for country CSO &amp; RATN constituencies</li></ul>

# Metrics and accountability

## Regular accountability to SRG

### Evaluation 2023:

- SDG mid point
- redesign 2023-2030 HDC

### Annual monitoring:

- achievement of activities
- indicators

**Diversity:** constituency, gender, countries

# Indicators by objective

Objective 1	Objective 2	Objective 3	Objective 4
<ol style="list-style-type: none"> <li>1. # countries with a national health strategy</li> <li>2. # countries with a health sector monitoring and evaluation plan M&amp;E</li> <li>3. # countries with a Health Information System Plan or policy</li> <li>4. # countries with annual health strategic plan review process</li> <li>5. # countries with established data quality assurance mechanisms</li> <li>6. # countries with functioning national disease surveillance systems</li> <li>7. Proportion of facilities having in place electronic systems for real-time reporting of health statistics in country</li> </ol>	<ol style="list-style-type: none"> <li>1. # countries with national Health Information System coordinating body</li> <li>2. # countries with established ministry of health led country platform for health information eg <a href="#">Integrated Health Situation Room</a> in Malawi, Kenya Health Observatory</li> <li>3. # countries with CSO participation in drafting of national health strategy</li> <li>4. # countries with CSO participation in annual and midterm health strategy or other reviews</li> <li>5. # countries with documented instances of data use in decision-making including programme design/planning/resource allocation/management/improvement or policy development &amp; implementation/advocacy</li> </ol>	<ol style="list-style-type: none"> <li>1. # countries with established MOH led central health data repository &amp; access to repository</li> <li>2. # countries with contextualized HDC global data tools</li> <li>3. # countries using SCORE and digital maturity indices to assess progress</li> </ol>	<ol style="list-style-type: none"> <li>1. Maintenance of global functioning secretariat</li> <li>2. Quarterly HDC progress reports at global and national level</li> <li>3. # HDC hosted events</li> <li>4. Functioning HDC website which is updated at least monthly</li> <li>5. Independently contracted evaluation planned and independent contractor sourced for evaluation</li> </ol>

# Questions

1. Can you commit to HDC work plan, milestones, metrics?
2. Can you commit to regional and country support mechanisms?

**If not, what needs to change to ensure action can take place ASAP, or have it ready for Nov?**

# HEALTH DATA COLLABORATIVE

DATA FOR HEALTH AND  
SUSTAINABLE DEVELOPMENT

## **Session 5: November HDC advocacy and political meeting**

**Facilitators: Peter Ghys (UNAIDS) and  
Helen Kairie (Kenya MoH)**

**September 24<sup>th</sup> 2020**

**[www.healthdatacollaborative.org](http://www.healthdatacollaborative.org)**

# Session 5: November HDC advocacy and political meeting

## Outcomes

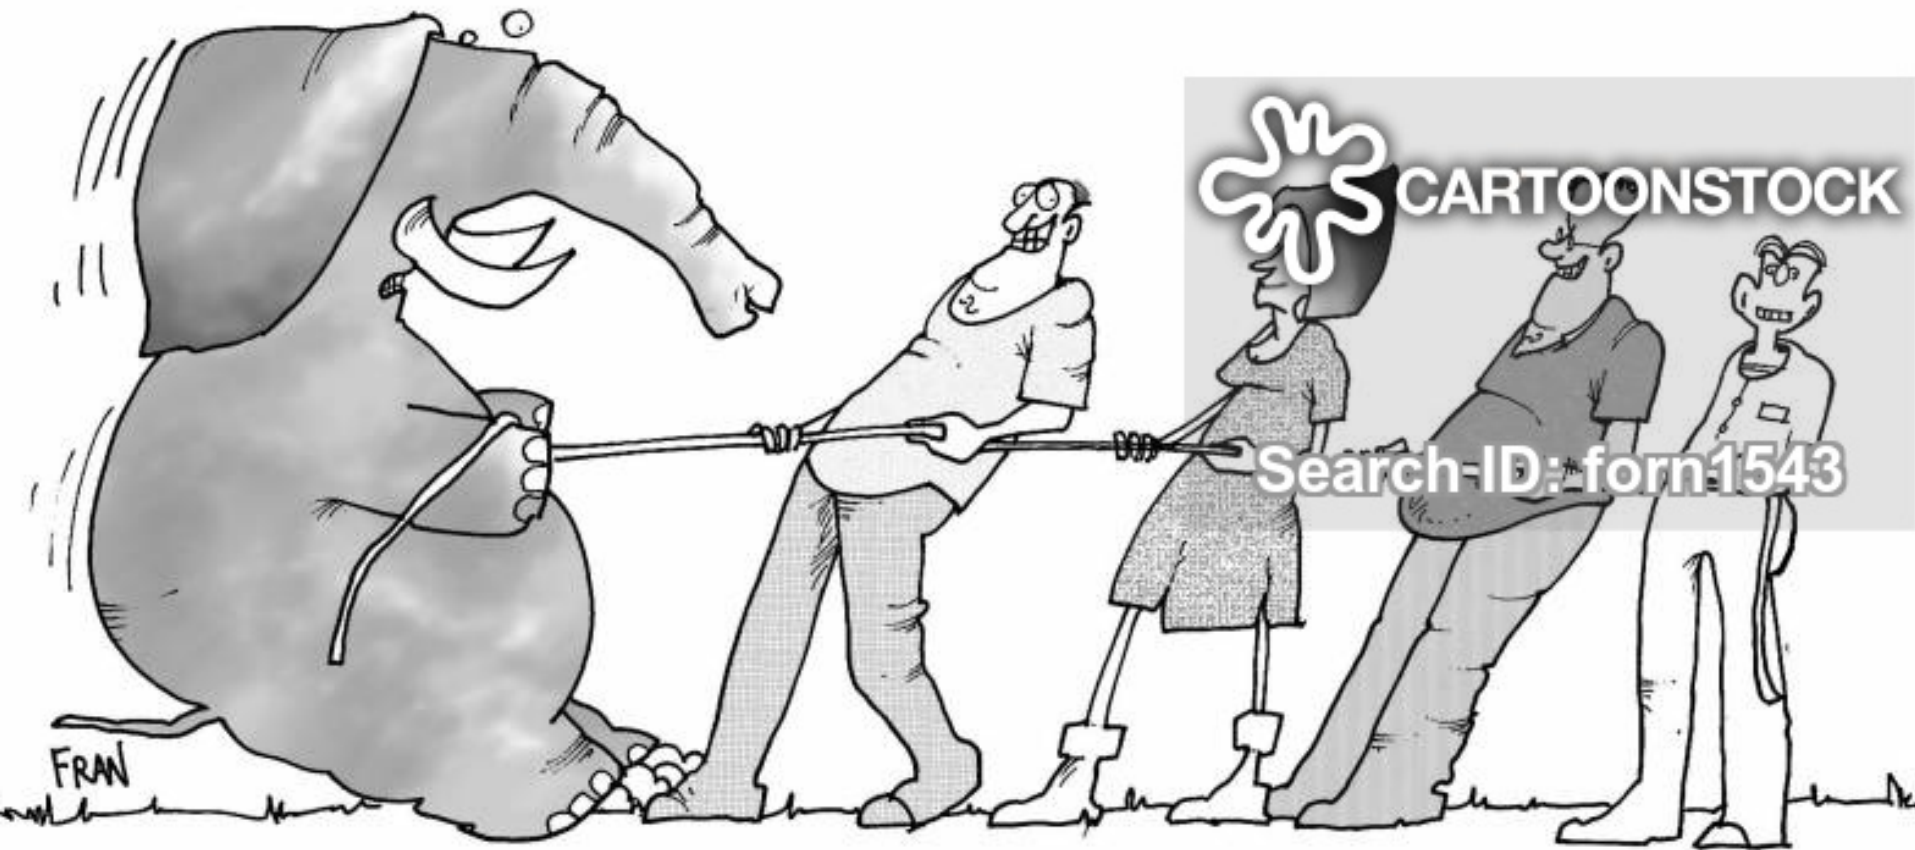

Agree on **objectives, agenda points, invitees & communications strategy** for 18 November political advocacy meeting - aiming to increase visibility and political support for HIS and alignment in countries and at global level

## Background documents

Options for November high level event slide deck

**Secretariat support: Nicole Schiegg**

WE CAN DO ANYTHING if we ALL pull together!

# What we need in this session:

Your inputs to shape the objectives, format, invitees and messages for high level HDC Nov (18?)

Sept - Nov further inputs sought to craft:

- a) Objectives
- b) Agenda
- c) List of invitees (country and global leadership)
- d) Communications strategy (key messages) working with HDC partner comms teams

# Draft objectives - for discussion

1. Raise visibility, advocacy and political traction for HDC's mission and objectives;
2. Strengthen partnership approaches + add those who are not at table; and
3. Operationalize tools, solutions and technical expertise in countries.

# HDC Goals as possible framework

## HEALTH INFORMATION SYSTEMS

1. To strengthen *country capacity* to plan, implement, monitor and review progress and standardized processes for data collection, availability, analysis and use

## ALIGN INVESTMENTS

2. To improve *efficiency and alignment* of technical and financial investments in health data systems

## ADAPT TOOLS TO LOCAL CONTEXTS

3. To increase the *impact of global public* goods and tools on country health data systems through increased sharing, learning and country engagement

# Key Elements - for discussion

## Important context looking back:

- ▶ Five point road map, 2015-16 commitments [fifteen-year roadmap](#)
- ▶ Sept. UNGA, Oct. World Health Data Forum & Nov. World Health Assembly
- ▶ Showcase country challenges and potential solutions (HIS & alignment)

## Looking forward:

- ▶ HDC added value & need to strengthen link between technical and political leadership, in line with SDGs
- ▶ Align with SDG GAP data & digital accelerator support
- ▶ HDC mission, objectives & building on COVID-19 response to strengthening use of data to achieve the SDGs
- ▶ Aligning multilateral GHI & donors support at all levels
- ▶ Strengthening constituencies: country, CSO, Research & academia
- ▶ Promote tangible existing products, interim milestones, 2020-23 work plan and added value

# Invitees - for discussion

- ▶ Country leadership:
  - Govt. ministers / leaders in data
  - HoA where possible
- ▶ Global and regional leadership
  - HDC partners from all 7 constituencies
- ▶ WHO DG expressed his support
- ▶ Media / communications focal points

# Questions:

- ▶ Can your leadership engage in November?
- ▶ Sense of urgency for 2030 - only 9 more years!
- ▶ Only 3-4 hours, so practical feedback on:
  1. Practical commitment to HDC mission, objectives, work plan & country data & digital plans
  2. Ensuring country driven approaches
  3. Diversity of perspectives (esp. communities)
  4. Balancing looking back (recommitting to 2016) and looking forward (change of context, build on COVID-19 lessons and SDG 2030 targets);
  5. Media engagement, using partner comms teams
  6. Alignment with UHC 2030 & SDG GAP
